WHO WE ARE

CNMA is an independent, non-profit association of church musicians. We are dedicated to enriching the spiritual and musical lives of local churches in the state of Iowa by promoting Christ-honoring choral & orchestral music. The Canticum Novum Chorale & Orchestra consists of active members of IARBC churches and other churches of like faith and practice.

WHAT WE DO

Our central activity is the concert ministry of our Chorale & Orchestra. Our goal is sacred music presented with excellence to the glory of God. We recognize that our musical abilities come from God and it is our desire to give praise to God with the very best of those abilities. To this end, we encourage members to be faithful in attending rehearsals and in spending time learning the music outside of rehearsals.
